Complete and mail your registration along with the fee to ensure your position in the course.

The American Heart Association strongly promotes knowledge and proficiency in CPR and emergency cardiac care and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association, and any fees charged for such a course do not represent income to the Association.

Program Objective:
The objective of Pediatric Advanced Life Support (PALS) is to provide participants with knowledge and experience to be proficient in administering emergency care to pediatric patients according to American Association standards.

McLaren Regional Medical Center is accredited by the Michigan State Medical Society Committee on CME accreditation and is approved to provide Continuing Medical Education for physicians.

McLaren Regional Medical Center designates this educational activity for maximum of 7.5 AMA PRA Category 1 credits for the recertification program and 12.6 AMA PRA Category 1 credits for the full provider program physicians should only claim credit commensurate with the extent of their participation of the activity.

Pediatric Advanced Life Support

Course Description:
The completely redesigned American Heart Association Pediatric Advanced Life Support course is based on new science evidence from the 2005 AHA Guidelines for CPR and ECC and a new teaching methodology. The goal of the PALS course is to aid the pediatric healthcare provider in developing the knowledge and skills necessary to efficiently and effectively manage critically ill infants and children, resulting in improved outcomes. Skills taught include recognition and treatment of infants and children at risk for cardiopulmonary arrest; the systematic approach to pediatric assessment; effective respiratory management; defibrillation and synchronized cardioversion; intraosseous access and fluid bolus administration; and effective resuscitation team dynamics.

Course Length:
12-14 hours approximately

Intended Audience:
For pediatricians, emergency physicians, family physicians, physician assistants, nurses, nurse practitioners, paramedics, respiratory therapists, and other healthcare providers who initiate and direct advanced life support in pediatric emergencies.

Program Times:
4 p.m. - 10 p.m. both nights

Program Cost:
Full Program: $250.00 materials provided
Recertification: $210.00

Pre-course Requirements
